

# Welcome to Your Provincial ChatterHigh Curriculum Connections Hub

Bookmark this file link! We update it often when new courses and materials are added. You can click through to access curriculum connections, ready-to-use classroom resources, and to request support whenever you need it.

## ChatterHigh Activities and your Provincial Curriculum

ChatterHigh activities connect directly to many subjects in the curriculum. Certain activities are applicable across all courses, as they reinforce New Brunswick's K-12 [Global Competencies](#). Below are some examples that you will come across in the linked charts:

NB Global Competencies	ChatterHigh Activities
Critical Thinking and Problem-Solving	Daily Quiz, Adventure into Artificial Intelligence, DEI, Embracing Nature's Climate Solutions
Innovation, Creativity and Entrepreneurship	Daily Quiz, DEI, Adventure into Artificial Intelligence, Embracing Nature's Climate Solutions
Self-Awareness and Self-Management	Daily Quiz, All Mental Health Courses
Collaboration	DEI, Mental Health and Wellness, Embracing Nature's Climate Solutions
Sustainability and Global Citizenship	Embracing Nature's Climate Solutions, Adventure into Artificial Intelligence, DEI
Communication	DEI, Mental Health and Wellness

In addition, because **language learning** is strengthened through exposure to authentic texts, all of ChatterHigh's bilingual (French and English) activities offer a valuable resource for enhancing both primary and additional language skills.

## Connection Charts Include:

- **Subject Areas Chart**  
See how activities align with your province's subject areas, and whether they offer certificates of achievement for student portfolios
- **Course Connections**  
Locate the individual courses you teach by grade and subject to see a list of ChatterHigh modules that align with your curriculum

**Notes:** All curriculum information was found through the Ministry of Education website.

[N.B. Curriculum - Anglophone Sector](#)

[Programmes d'études du N.-B. - Secteur francophone](#)
